

# Crosslink National Gathering 2011

## Feedback

“If you were asked by someone in your church to describe in one sentence your experience at the Crosslink National gathering this year (2011), what would you say?”

- Lots & lots of food – spiritual & physical. Great meeting new friends, in a common network of seeing God’s will for our lives – PH

- I love coming together annually and I especially love hearing what is happening in other churches. Testimonies are always encouraging! I would like to hear more from members within Crosslink as opposed to a guest speaker. – KF

- Was a laid back, highly relational gathering of a large cross-section of ministers and churches with differing spiritual DNA and purpose from God. We encouraged and blessed each other while being encouraged by good teaching from Rod Denton and much open, honest & vulnerable sharing of hearts from Brian Medway & others – CN

- I have received genuine, relational support from pastors who have journeyed ahead of me – SH
- We could see God is at work and we can speak to God and hear from God. This conference is a place & time of testimony of our living God. – DY
- An awesome time of being fed, great fellowship and loads of practical things to use in ministry – CA
- It was absolutely AWESOME! A time of being built up, strengthened, inspired & refreshed & a time of hearing from God. We watched and saw how God had inspired & provided for others in their ministries. We were all deeply encouraged. The speaker Rod Denton was awesome too! – WH
- Great to be together with fantastic people. I always struggle with the format of just sitting & listening to sermons. I totally believe in receiving wisdom from “the old guys” but the stuff that Rod delivered in sermon format was of very little value to my life & ministry. I did not feel equipped by his generation at all which was what he was most passionate about. – JF
- FANTASTIC – NF
- Lovely time with good vibe, good input & extra lovely to see the younger & ethnic leaders – IS

- I would emphasise the need for unity between our church and the Crosslink Network and three days with this and God should be compulsory – BH
- Our church is in good hands in the Crosslink Network. The diversity of ministries adds to, rather than takes away from the oneness of heart and passion to see God transform this nation. There seems to be more of a sense of identity as a network – RFL
